Report Name	CR INT8036 Time off details to Assembled RaaS
Report Type	Advanced
Data Source	Time Off - All Statuses
Data Source Type	Standard
Primary Business Object	Time Off Entry
Report Tags	Integrations
Additional Info	
Data Source Description	Accesses the Time Off Entry as its primary object. The Time Off Entry object returns one row per time off line item an employee has requested and corrected. Includes all time offs (approved, not submitted, sent back, cancel, submitted, and denied) for employees in organizations which the user manages or supports. Prompts the user at run-time for Organization, Include Subordinate, and Date Range start date and end date to automatically filter the report results.
